# PRODUCT DATA SHEET

Premium Quality Lubricants

## NATIONAL™ TYPE F ATF AUTOMATIC TRANSMISSION FLUID

### PRODUCT DESCRIPTION

NATIONAL™ TYPE F is formulated to perform efficiently in equipment where a Ford Motor Company M2C33F specification lubricant is required. This oil is designed to provide superior performance in automatic transmissions in certain Ford Motor Company cars, trucks and certain foreign equipment.

### INDUSTRY AND OEM SPECIFICATIONS

- ◆ Ford Type F (obsolete)

### APPLICATIONS

NATIONAL™ Type F is recommended for service fill in 1976 and earlier Ford Motor Company C-6, C-3, C-4 and FMX transmissions. It contains red dye for leak detection.
